

```

SqlException: Cannot attach the file 'C:\Users\rajanis\source\repos\IdentityCore\IdentityCore\App_Data\aspnet-IdentityCore.mdf' as database 'aspnet-IdentityCore'.

```

There are migrations that have not been applied to the following database(s):

- 0000000000000000_CreateIdentitySchema

In Visual Studio, you can use the Package Manager Console to apply pending migrations to the database:

Alternatively, you can apply pending migrations from a command prompt at your project directory:

```
> dotnet ef database update
```
